JUST a little thought which occurred to me just like that while standing on the curb on Indian avenue waiting for my evening ride home. . . . Another gem was that to watch pedestrians dart between automobiles was an answer to the increasing number of heart failure cases. . . . Seeing how drivers pale and slam on the brakes to avoid some swerving kid on a bike or an unconscious but walking pedestrian. . . . Then again, came a reproach from a motorist via postcard. . . . After maligning me for a bad grouchy he, or she, said: "You frequently rail at motorists for putting their left wheels on the center stripe and impeding traffic. . . . We have to. . . . Have to have some room to maneuver when these senseless people run forth from behind a parked car across the street ahead of you. . . . If we ran close to the right side, the casualty list would mount."

ONE MORE LIKE thought and then to drift into something more pleasant. We really should have two north and south WIDE main streets. . . . One for people who are going some place and the other for those who are just looking. . . . It would save wear and tear on tempers. . . . Over on Indian avenue on a store there's a notice: "Used Geiger counter for sale." . . . Some prospector given up hope? . . . Or maybe someone who has quit believing in the possibility of an atom bomb landing near us.

JAN GUTHRIE of the Chamber of Commerce publicity bureau said that the other day the telephone buzzed. . . . It

BACK TO SPA—Little Mary Ilene Schlabaugh returned to Two Bunch Palms ranch last week for six-months treatment for arthritis. Generous citizens of Elkhart, Ind., contributed funds for the trip and treatment. Date Festival Open for Week's Showing Today

California's fastest growing fair, Riverside County fair and National Date festival, opens today at Indio for a solid week's run—from today through Feb. 22. Fair officials expect a record-breaking 160,000 visitors to pass through main entrance turnstiles.

Called one of the most unusual events in the nation, the festival will be highlighted by hundreds of people in Arabian costume, alluring queens and harem slaves from the "Caliph's" court, the Bagdad bazaar, a carnival gateway, and scores of other special features and exhibits, including livestock and produce of Riverside county.

SPECTATORS will be treated to a display of lavish costumes and the efforts of a cast of 100 at the admission-free performances of the Arabian Nights pageant each evening at 6:45 p. m.

Camel races will be run in conjunction with the six-day horse show, expected to be Southern California's finest this year. Events will start at 1 p. m. in the main arena each afternoon except opening day.

City Engineer Names Studied

City Manager Russell Rink said that job announcements had been sent to prominent cities throughout the state and that several applications had been received.

Rink has set Tuesday as the closing date for filing applications.

TOWN RAISES FUND TO SEND CHILD TO DESERT IN LAST HOPE FOR CURE

A local mineral bath is the scene this week in the first act of a drama which starts in tragedy and may end happily if the prayers of a mid-western city are answered.

The star of the drama is little Mary Elene Schlabaugh from Elkhart, Ind. The child was sent to the Desert Spa at Two Bunch Palms ranch by the citizens of Elkhart who made up a fund to cover expenses of the trip and treatment in the hope that the soothing baths will help the 11-year-old sufferer.

THE LITTLE girl was stricken with acute arthritis four years ago which has defied all medical treatment in its progression of pain and deformity. Today with her little knees drawn up to her chest and her arms and hands immobilized and twisted, she can neither walk, stand nor sit up. Immersed in the hot mineral waters of the baths, she was able for the first time in many months to move her fingers, according to her parents, Mr. and Mrs. Charles Schlabaugh.

BUT SINCE they had heard shortly before leaving, of the baths of Two Bunch and the child was given several treatments there. She apparently had an inner conviction they would cure her, and talked of nothing else but returning. Her wish was finally made possible through the citizens of Elkhart who collected a fund of over \$1,600 for sending her back to California and Two Bunch Palms.

Whether the miracle of a cure, so ardently hoped for by the child and her parents, can be accomplished, remains to be seen. To date, much pain has been alleviated and some motion restored to her fingers.

Fountain Replaces Imaginary Bucket

Palm Springs Plaza's wishing well at the Plaza and South Palm Canyon drive is being revamped for lazy Villagers.

No longer will passersby have to haul up a bucket from the depths of the well in their search for cool water (the well was always dry, anyhow), but now have the convenience of a modern drinking fountain mounted at the top of the well.

Safety Week Starts Monday

Schools, Civic Groups Join in Observance

Monday morning will usher in Safety Week in Palm Springs with several school and civic groups and merchants cooperating in a move to make residents more safety conscious.

Junior Chamber of Commerce will be the most active group in the week's safety campaign. They have promised a surprising downtown display to appear Monday which will drive home the safety idea.

THE GROUP'S Tuesday night radio broadcast will also be turned over to safety topics.

Proclamation

WHEREAS the Palm Springs school system, in the course of years, has built up a safety record in transporting pupils to and from school which is the envy and model for the entire state, and

WHEREAS it is only by constant vigilance and unremitting care that this highly regarded safety record may be maintained;

THEREFORE, I, as mayor of Palm Springs, urge every motorist and every citizen to join next week in Palm Springs Safety Week as a tribute to this remarkable achievement and as a means to perpetuate the high degree of safety accorded our school children.

CHARLES FARRELL
Mayor of Palm Springs

George Bond, school district transportation supervisor, will be the guest and will conduct a safety quiz contest in which all elementary school children will be able to participate. \$20 in cash prizes will be presented the first and second place winners.

Local Lions will show movies followed by safety quizzes in city schools. The tests will be supplied by the J. C. Harold Smith, garage owner, has promised to supply white paint and labor for any truck owner who wishes to sport a clean, easily seen turning signal.

BOND HAS TAKEN the lead in school safety week activities. He and other bus drivers will emphasize school bus safety even more than usual. He has outlined specific objectives to help school children recognize situations involving hazards and develop safety habits.

Bond is taking the lead in the drive to check speeding of motorists in the reservation area. He is appealing for 25 MPH signs and more complete police patrolling on El Segundo road and other reservation arteries.

TRAFFIC OFFICER Howard Poe announced that during safety week the department will watch more closely for traffic violators. Crosswalks will be patrolled and school buses will be shadowed mornings and afternoons.

Other groups participating in the campaigns to make Palm Springs a safer place in which to live are the fire department, city engineering department and the boy scouts.

Members of these organizations are looking for an accident-free Palm Springs, especially during the week of Feb. 19 through 24.

School Holiday Next Thursday

School Trustees this week declared Feb. 22 a school holiday to enable pupils and parents to attend the Indio Date Festival.

Superintendent A. G. Hoff announced this week.

Palm Springs high school band and pom pom girls will march in the Indio parade which begins at 10 a. m. Thursday.

Hoff also said that Easter recess will be Wednesday, Thursday and Friday, March 21, 22 and 23. Summer vacation will begin May 30.

Cowboy Artist to Set Up Easel in Center Tomorrow

Jack Lindsley, noted cowboy portrait artist, will set up his easel in the Center at 11 a. m. tomorrow and draw full life portraits compliments of the Desert Sun and John Connors for the remainder of the day.

The author of "Wiggle Giggles" and "Catching Animals With a Pencil" will draw up to 100 free pictures of local folks and visitors on a first come, first serve basis.

Lindsley can complete a sketch in a very few minutes while the personality sketches which will appear in the Desert Sun starting next Friday take

WELL DONE—Mayor Charley Farrell presents Junior Safety Patrol Captain Joel Butler with a certificate of merit for the outstanding work of the patrol last year. There were no Palm Springs school children killed or injured in auto accidents in 1950. Looking on are seven safety patrol lieutenants: Jeri Sale, Carolyn Reich, Sharon Hume, Joe Leonard, Paul Pasco, Colby Jones and Duane Eskew. To the right of the mayor and Joel are city officials George Bond, George Minturn, Dr. A. B. McRory and traffic officers Bob Young and Howard Poe. The safety sign is one of four sponsored by local civic organizations, designed by Earl Cordrey and painted by Dale Stoner.

Set Feb. 28 for Start of ARC Drive

At an organizational meeting held at Health Center Wednesday morning, Val Blatz, chairman of Palm Springs chapter of the 1951 Red Cross drive, set Feb. 28 as the opening date of the local drive for funds.

At 9 a. m. drive workers will meet at Youth Center for final instructions before they begin work to collect the \$15,000 quota set for Palm Springs this year. Last year the drive aimed at the \$10,000 mark.

Several drive chairmen were appointed at the Wednesday meeting. Mrs. Grace Pope will head women's solicitation group for Palm Springs; Mrs. Wilborg is Cathedral City chairman, and Frank Kenya and Herbert Eccles will spur the Desert Hot Springs campaign.

March of Dimes Drive Lags Here

"I'm disappointed in Palm Springs. To date the stumbling March of Dimes campaign here has netted only about \$3,000 and our goal was \$10,000 for 1951. \$7,000 was spent here on polo cases last year."

Brig. Gen. W. R. White, chairman of the Riverside county chapter of the National Foundation for Infantile Paralysis spoke these bitter words as he paid a brief visit to Palm Springs yesterday.

"Of more than 35,000 advance fund letters sent to communities in this area we have received replies from only a very small percentage of the addressees," said White. "We hope that a few more Villagers, at least, will see fit to slip their donations into the return envelopes and send them to us. Little Banning has contributed as much as Palm Springs."

First Aid Course to Start Tuesday

All persons interested in taking a course in Red Cross first aid should report for registration to the high school office between 7 p. m. and 9 p. m. Tuesday. The course comprises 18 hours.

Realtor Ransom Reported Recovering

Robert Ransom, local realtor, is reported improving this week from an attack of acute arthritis which has kept him at home since Feb. 4.

The Plaza manager is unable to receive callers at his home.

INTERNATIONAL ROTARY PREXY HERE NEXT WEEK

Arthur Lagueux, International President of 7,200 Rotary clubs throughout the world, will visit the Palm Springs area Monday for the first time. Accompanied by his wife, the Toronto, Canada man, will be hosted at a luncheon meeting Monday at the Tennis club.

Mr. and Mrs. Bruce Watt of San Diego will share the spotlight with Lagueux. Watt is district governor of Rotary.

All Palm Springs, Palm Desert, Indio, Desert Hot Springs, Twentynine Palms and Blythe Rotarians and their wives are invited to attend the Monday session, according to local prexy Bob Peterson. Reservations should be made by phoning secretary Bob Bennett.

Monday night Lagueux will travel to Brawley for an evening meeting with Imperial valley clubs.

Next week marks the 46th anniversary of Rotary. In the 46 years since its beginnings in Chicago in 1905 the club has grown to include 344,000 members in 83 countries. Friday will be the club's birthday.

The PUBLISHER'S Corner

GREAT BIG TRUCKS have taken most of the fun out of motoring. They hold you back while they creep up hills—and keep you from passing while they race down the other side. When you finally find a place to pass, the roaring highway demons send chills up and down your spine until you are again in the clear. But there's another big one just ahead . . . and that monster is bearing down on us from behind! Motoring these days is just one truck after another.

But now, it seems, they are not only ruining our peace of mind and Sunday drive—but our highways and pocketbooks as well. We say "our" highways even though the truckers do help pay for them. We think the super highways are needed mostly so passenger cars can get around the army of trucks. Be that as it may, the fact that trucking companies pay part of the highways bill doesn't give them the right to abuse these expensive thoroughfares.

While modern highways are pretty rugged, they are designed to support a definite maximum load. Beyond that they break down, wear out faster and must be replaced or repaired. When trucking operators overload their highway giants beyond the legal limit, they tear up the roads. We take the bumps and help pay the bills. Although against the law, overloading of trucks has become such a common violation that the State Highway Patrol—being understaffed—cannot cope with the situation. Over 18,000 overloaders were caught last year in California. Many times that number likely escaped. Their average fine was a little less than \$18 which the operators could easily afford to pay and continue to violate the law.

We have the big trucks with us for keeps—that menace has come to stay. But we could—and should—prevent them from tearing up our highways by carrying more than the legal load. The remedy lies in increasing the number of checking stations and keeping them in operation day and night. More money should be made available for this purpose by the State Legislature. And the trucker who overloads should not be allowed to get off with such a light fine—hardly as much as the average speed ticket!

There is the safety feature to think of also. Overloaded trucks easily become unmanageable because their brakes are overtaxed. And when one of those giants gets out of hand every motorist in the vicinity is in jeopardy. So, to our peace of mind, our pocketbook and our Sunday afternoon spin—add our safety.

NO COMPLAINT against the drivers—only our sympathy. They are just doing the jobs to which they are assigned. It's a hard grind. And it's a wonder they don't lose their minds over the dumb things a lot of passenger car drivers will do. These men need as much patience as endurance. They have nothing but our sympathy—all except a few we have met up with.

There are of course, honest, law-abiding truckers. It is as much to their interest as to the motorist that the overloading of trucks be much more carefully watched than at present.

Air Reservists to Hear Address by Army Nurse

Members of the local Air Corp Reserve unit will meet Monday night at 8 o'clock at Palm Springs high school to discuss the "Intelligence Cycle." Captain Elizabeth N. Pukas will present the subject and lead the discussion.

Captain Pukas is school nurse for the Palm Springs Unified school district. As a member of the Army Nurse Corps in World War II, Captain Pukas served as chief nurse of the 812th MATS with headquarters at Hickam Field, Oahu, Hawaii. In addition to her chief nurse duties, Captain Pukas, as a flight nurse, evacuated wounded from Tawa, Kwajalein, Saipan, Guam, Leyte, Manila, and Okinawa to Hamilton Field, California. Second Annual Police Show Scheduled for March 31

Second annual Palm Springs Police Officers' show is slated for Saturday, March 31 on the rodeo field of the Polo Grounds, Bob White, president of Police Officers Assn., sponsoring the event, announced this week.

WHIZZER—Pictured is Bob White, president of the Palm Springs Police Officers association which will sponsor the second annual Palm Springs Police show, March 31. He's known as "Whizzer" among the boys at the station.

"We've got a top-notch line-up of stars slated to participate in the show," said White. "The list of headliners reads like a who's who of the film colony so we've made arrangements to increase the seating to accommodate 7000 to 8000 persons this winter. In the high school gymnasium last season, attendance was about 3000 with more than 2000 unable to get in."

A few of the top-notch stars expected to attend are: Bob Hope, Jack Benny, Eddie Cantor, Dinah Shore, Jane Wyman, Gordon MacRae, Dick Haymes and Jane Russell. More will be added to the roster in the next few weeks.

Several of the radio stars who will appear have promised to announce the show on their network broadcasts the week of the local event. "Judge" Leo Fields will emcee the show.

White emphasized that it is to be called a "show" this year and not a "ball" since there will be no dancing. However, as last year, Les Brown and his popular band of renown will play.

Proceeds from the show, the stars will donate their talent, will go to the local police association which will add the cash to its fund for education and welfare programs for the members. Virtually every local police officer is a member of the group.

Super-Highway to L.A. by 1954

According to Paul O. Harding of the state division of highways Villagers going to Los Angeles will find two more bottlenecks eliminated from Highway 99 by the end of 1954.

Harding said work will probably start on the Pomona section of the new highway next year by-passing the crowded downtown section. A similar program will take traffic around congested parts of Ontario.

The S.S. Pomona section will extend from Covina to the San Bernardino county line. The highway is already improved between Ontario and Colton and the Beaumont-Redlands link will be ready this year.

Discussions are well under way on elimination of the Banning bottleneck.

Police Activities Show Decline in All but Traffic

Things are proceeding smoothly—and according to schedule—it was indicated in the report of police activities for January, filed with the city manager's office this week by Police Chief A. G. Kettman.

The department increased its recovery of money and property largely due to the arrest of Paul Lewis, wanted for an \$82,000 embezzlement in New York. He was taken here and held for New York police.

Drunk arrests for January dropped from 24 to 13 while petty thefts under \$50 slipped from 18 to nine. There were five thefts in Palm Springs over \$50 during the month.

Traffic citations more than doubled, climbing to 271 from last year's 132 and the accident total likewise jumped from 10 to 18. Police Chief August Kettmann said there is a need for additional motorcycle patrol on the city's main traffic arteries.

Auxiliary police, working without pay, volunteered 222 hours with the force last month. The Police Reserve numbers 35 men.

Stewart Heads Palm Springs NCAAP Branch

William Stewart was elected first president of the newly organized Palm Springs branch of the National Association for Advancement of Colored People at a meeting held at World Wars Memorial hall Saturday night. Other officers elected were president, Theodore Patrick; secretary, Dorothy Elmore; treasurer, Lando Darling; chairman of executive committee, Ann Coogan. Members of the executive committee are Dee Hopkins, Ruth Carter, Eula Reeves, Clarence Armour, Maggie Darling, Charles Valentino, Flossie Jackson, Rose Becker.

Children, Cigarettes Said Cause of Fire

Juvenile authorities were investigating cause of a fire Thursday on Calle Palo Fierro. Brush was ignited, it was said, by children playing with lighted cigarettes. Damage was negligible.

DAV Delegates from 8th District Convene in City

More than 200 delegates joined here last weekend for the Eighth District meeting of the Disabled American Veterans. Meeting was held at Frances Stevens school with District Commander J. C. Crepin presiding.

Local DAV officials hope the success of the weekend activities will bring the 1952 convention here.

Other prominent delegates were: Department Commander H. Arlo Melville, Adjutant William E. Mealer, Hospital Chairman Irl Lucas, National Vice Commander John Shannon and National Auxiliary Commander Henrietta Mills.

M. M. Dunn, Phil Bennett, Joseph Guidry, Kay Valentino, Sam Bennett and Lawrence Crossley. Seventy five members will be listed as charter members.

W. H. Underwood, regional field organizer for N.A.A.C.P., aided the organization work.

What's its Power?

FIREBALL!
(Only Buick can make this statement)

BEND an ear to the deep baritone song of this marvel motor, and you'll know we aren't fooling when we call it Fireball.

What happens beneath that brawny Buick bonnet happens in no other car in the world.

Years ahead of the rush to high-compression valve-in-head engines, Buick was in there pitching for more power from every drop of fuel.

The result: a spectacular engineering phenomenon you feel the instant you touch toe to gas treadle. A rapid-fire sequence of tiny tornados, let loose their pent-up power every five inches a Buick travels.

If you could look inside that Fireball engine, you'd see why. Instead of the flat-topped pistons used in other cars, Buick uses a turbo-top piston, like this:

So the inrushing fuel whirlwinds into a compressed ball that adds a super-urge to the downstroke of the piston.

And you get the thrill—and thrift—of this Buick "first" in every mile you drive.

More, you get a tried-and-true engine that's been polished and perfected in every detail up through the years.

Again and again, compression ratios have been stepped up to keep pace with advances in fuels. Self-setting valve lifters contribute to silence. Micropoise balance and Hi-Poised engine mountings add two more Buick exclusives.

And the silken might of this Fireball's power has been made more beautifully obedient by still another "first"—Dynaflo Drive.*

So we list as a prime reason why "smart buy's Buick" this Fireball power plant—and a host of happy owners will say "Amen."

Better see your dealer soon.

City Workers Pay Raise up for Decision

Council to Discuss Proposal Tonight; Zone May Be Delayed

City council will meet at 7:30 tonight to hear several important recommendations from City Manager Russell Rink. He will discuss pay raises for city employees, box seats for the Polo Grounds ball diamond and lot cleaning progress with the seven-man body.

Final action will probably also be taken on the proposed jewelry auction sale ordinance which got its first reading Saturday. The measure would place several limitations on such auctions within the city limits. Most of the curbs are designed to insure "a jewelry auction that is of high moral character and for the public good."

It was not known late yesterday whether action will be taken tonight on the Tennis Club zoning squabble.

Dr. Baldwin Wins at Toastmasters

Dr. Charles Baldwin will be Palm Springs Toastmasters' club representative in the district Toastmasters' contest at Corona March 9 as result of his victory in the local club's elimination contest last week at La Paz.

Eric Walker, Desert Hot Springs, runner-up to Dr. Baldwin, in the local contest, will alternate at the Corona meeting.

Thelma Davis Now at Pasadena Home

Mrs. Thelma Davis was in a rest home at Pasadena today after having caused a brief flurry last weekend when she disappeared on the eve of her departure for the hospital.

Following an all-points missing person bulletin by Chief A. G. Kettmann, she was located in Indio. Mrs. Davis had recently been placed in the care of her daughter, Mrs. Mary Ryan O'Brien.

Car Clouters Still Active in Village, Report

Car clouters are still active according to police reports. Largest single loss was \$70 worth of goods taken from an automobile belonging to Betty Rios.

Total value of loot taken in seven raids this month is \$250. One man has been arrested in connection with the thefts. Police believe that many car raids earlier this year have been cleared with the arrest of eight juveniles.

Greenman Hosts Mounted Police

Lyle Greenman, entrepreneur of the 11th annual winter rodeo, hosted members of Palm Springs Mounted Police, their wives and others who contributed to the success of the event to dinner at the Palm House Wednesday evening.

A complete evening of dinner, dancing and entertainment was enjoyed by the celebrants who packed the night spot.

During the evening several persons who contributed the lion's share of time and energy to the rodeo were singled out for special recognition. Included were Hutch Moseley, Ernie Andrade, John Hollinger, president of the mounties, Chief of Police August Kettmann, Jan Guthrie, Frank Bennett, Jim Maynard and others.

Daughter of Winter Visitors Injured

The six year old daughter of Mr. and Mrs. Vincent Fotre, Pamela, was struck by a car while she was crossing Wilshire Boulevard in Beverly Hills last week and sustained a multiple leg fracture.

Tennis playing Vinnie Fotre and his beautiful wife have been weekend Villagers at the Racquet Club for many seasons; were unable however to make it for the Blue Ribbon tournament due to their child's accident.

Precious Valentine for Thomas Family

Mr. and Mrs. James H. Thomas received what is probably the most precious valentine seen in the Village Wednesday.

Disaster Council Maps Program for Information

President G. T. Anderson of La Sierra college at La Sierra was host to members of the Riverside county disaster council committee on public information and education at La Sierra Monday night.

It is planned to make important information on national defense disaster programs available in all libraries as soon as that can be carried out—probably several weeks ahead—and to continue supplying information pertaining to Riverside county activities to all newspapers stressing county activities as supplemental to state bulletins. Books and pamphlets giving vital information will be available.

Col. Herman G. Halverson, Riverside county director of Disaster relief, outlined the program.

Halverson passed on information from Maj. Gen. W. M. Robertson, California director of civil defense, the following:

Six keys to household safety: proof with trash and paper covered up.

2—Shut off utilities as if leaving house for day.

3—Know in advance safest part of house for best protection.

4—Close doors and windows—and entire house—as close as possible.

5—Have a good flashlight, with extra batteries, first aid supplies and canned goods on hand.

6—Use telephones only in emergency, as lines should be kept open.

Source—Survival under atomic attack.

Hot Pad Starts Apartment Fire

An electric pad which shorted, started a fire in a bed at the apartments owned by Mrs. Olive Thompson, 470 Avenida Olancha Sunday afternoon resulted in call for the light fire truck.

Fireman Irvin Ritter and Police Officer Howard Poe, who answered the alarm, subdued the blaze with a garden hose.

Winter Resident Is Taken by Death

Guy E. Strong who, with Mrs. Strong, has been a winter resident of the Village for the past five years, died at Phoenix, Ariz., February 8, according to word received by friends here. Mr. Strong, 61, had retired from the Southwestern Bell telephone company in Kansas City, recently. He is survived by his wife, Mrs. Ruth G. Strong.

New Restrictions on Auction Sales Before Council

City council scheduled to meet tonight in adjourned session, will probably take action on an emergency ordinance designed to place a tight curb on auction sales within the city limits.

In a hasty meeting Saturday morning the group heard the first reading of the proposal and by Friday night the necessary five-day period before adoption can be officially considered will have passed.

The planned ordinance, amending a loose, already existing statute, makes it illegal to fail to label thoroughly each item up for sale; use "shills," an assistant in the crowd to help bid up prices; bring in additional stock over that already on hand; and conduct an auction sales that is not of high moral character and for the public good.

The proposal is believed to be aimed at auction sales begun last weekend over protests of the council. The store owner was awarded an injunction by superior court in Riverside which prohibited the city from enforcing its present ordinance.

The city has been notified to appear to show cause why the injunction should not become permanent.

Los Compadres Issues Bids for Guest Ride on Desert

A Desert Guest Ride is the latest thing on the agenda of Los Compadres who are sponsoring a weekend ride for visiting horsemen Feb. 24 and 25, with headquarters at their club house on Highway 111.

Announcements were sent out last week in the Palm Springs tradition. Invitations to California horsemen are as follows:

"We, the Los Compadres, have a clubhouse, stables and roping arena in Palm Springs which we would like you to enjoy with us, thus prompting us to plan this Desert Guest Ride for you and your families pleasure.

"Our program starts any time Saturday, February 24th that you can arrive in Palm Springs. We will have a ride starting at 3 o'clock Saturday for about 2 hours which will cover several

of our desert trails. We then return to the clubhouse to feed the horses and get ready for the evening festivities.

"A steak dinner will be served at 7 o'clock with music and entertainment. After dinner and starting at 9 p.m. a western orchestra will play for both square dances and regular dancing.

"Breakfast Sunday morning will be served at 7:30 a.m. and it'll be a real feast for hungry riders. After breakfast we have three rides for you to choose from. Experienced guides will accompany each of these groups and point out things of interest.

"At 1:30 p.m. Sunday we will have a competitive friendly gymkhana consisting of races, roping and different games and contests.

Kent Roberts at Woman's Club Monday

By RUTH MARTIN

Kent Roberts, dynamic commentator, news correspondent, and famous lecturer, will be the star attraction at the Palm Springs Women's club on the evening of February 19th at 8 o'clock when he will give an up-to-the-minute report on the world events and spotlight our own United States in his topic, "The World Is Watching Us." The evening of February 19th has been designated as "Husband's Night" and Roberts was especially chosen for this occasion because of his comprehensive knowledge and brilliance as a speaker.

Roberts combines exclusive information on world affairs with an outstanding style of presentation. His first hand material is collected each year during regular trips to the news centers of the globe where he interviews celebrated and influential personalities. Even the most complex national and international problems become dramatic and understandable through Kent Roberts' interpretations. He brings to his audience a background of vast experience and his lecture combines eloquence with a proper shading of humor and inspiration.

While the program is given especially in honor of "Husband's Night" of club members, visitors to Palm Springs are most cordially invited to attend the lecture and remain as guests at the social hour which immediately follows. Tickets will be available at the door at the usual figure of \$1.20 which includes the Federal tax.

Church Sale Plans Start Big Clean Up

Announcement of the Episcopal Guild's Rummage Sale to be held March 10th has spurred Village housewives—and husbands, as well—to cleaning out closets, garages, kitchen cabinets, offices and even the old sewing box. Not only that, local hotels, clubs and restaurants are doing something about the vast accumulation of lost and found articles that remain uncalled for, and are contributing "Lost and Found" departments to the Guild.

A wonderful opportunity to get rid of everything that isn't being used or wanted and help a good cause at the same time. The ladies of the Guild can sell anything that has any sale value whatsoever—nothing is too large or too small for them. In addition to the money derived from the sale being used for the church it gives buyers who are not able to purchase expensive new things a wonderful opportunity to fill their needs at prices they can afford.

A gas range was donated this week, one housewife decided to replace all her kitchen utensils and give the used ones to the Guild, and wardrobes galore are being cleared of clothes that aren't being worn by the owner but might fill someone else's need.

Donations may be left at the Parish House of St. Paul's in the Desert between 9 and 12 a.m. or call the John Lapp's home—6911 or 5171—and ask for Custis Smith for quick pick-up service.

Noted Guests Visit Trezevant Home

Walter Mair, well known lawyer, former president of the St. Louis Bar association and the Missouri Bar association, was a guest last week of the R. M. Trezevants at Palm Desert.

Another noted guest the past few days was B. B. Odell, vice president of the California Bank.

Standard equipment, accessories and trim illustrated are subject to change without notice.

It is reassuring, when you buy a Cadillac, to know that you yourself will make the decision as to how long you wish to keep it—and how far you wish to drive it. The car will be at your service throughout your pleasure.

Give it reasonable care and reasonable usage, and there is no practical limit to a Cadillac's utility. Authenticated records show various Cadillacs well into their second five hundred thousand miles of service.

Of course, the original owner seldom has any requirement for such exceptional mileage. Being progressive, he

wishes to change his cars sufficiently often to keep pace with Cadillac's advancement in design and appearance.

But he benefits, all the same, from this wonderful capacity for service. It means that, month after month and year after year, his Cadillac performs magnificently—with the minimum of care and attention.

The great Cadillacs for 1951, now gracing America's streets and highways, are built in the finest traditions of Cadillac quality. If you have not inspected them, you ought to do so. We'd be happy to see you—at any time.

We are sorry indeed that delay in delivery of new Cadillacs continues unavoidable. Not only is the demand beyond all precedent, but much of the company's materials must, of necessity, be allocated to defense production. Thousands of Cadillac's craftsmen are already engaged in this effort. If you are waiting for a Cadillac, please be patient—but hold to your purpose. There is no substitute for the "Standard of the World."

One Gay Weekend After Another

Life in Palm Springs at this time of year is one gay weekend after another with tennis stealing the spotlight from the usual round of cocktail parties, luncheons and other entertainment. Everyone—and that takes in a lot of people from up and down the coast and all around—was out to see the final plays in the annual Midwinter tournament at the Tennis and Racquet Clubs. Gerald C. Young, who now serves as president of both Southern and Northern California Tennis associations, was down for the occasion. He is the son of the late William H. Young, who won the first state championship in 1887. Gerald Young was the first junior champion of the state in 1904 and his son, William K., played in our own Palm Springs tournament.

Others present were Perry Jones, Joe Bixler, Mr. and Mrs. Wm. Kellogg of La Jolla Beach and Tennis Club; Mrs. Wm. Powell, who with Arthur Bailey, of Desert Hand Laundry here, worked so actively in promoting the tournament.

Tomorrow and Sunday the Blue Ribbon Tennis Tourney will be played at the Racquet Club. A galaxy of film stars and socialites will be among the spectators and players competing for the beautiful trophies on display at the club.

On Party Programs

On the party program last weekend was the cocktail soiree hosted by Mr. and Mrs. Jack Dunbar in honor of Mrs. James Reed, (Nelly Don) of Kansas City, who is spending a week at The Colony on her first trip to Palm Springs.

Gathered in the lanai room of the Tennis Club to meet Mrs. Reed, Mrs. John Reed and Miss Francis, also of Kansas City, were the John McClures, Mr. and Mrs. John Snyder, the Walter McManuses, Bill and Genevieve Keighley, Lou Hyland, the Kenneth Colbourns with Ken Jr. and Chase who had motored out from Dartmouth and was having a few days at home before transferring to U.S.C., Ruth and Claude Valeur were there, going on later to Rogers Ranch Club where they were celebrating their fourth wedding anniversary with the Stewart Hopps and Mr. and Mrs. Trav Rogers.

Trav is Welcomed Back

Opening of Rogers Ranch Club the previous Friday had been one of the big events of the season. Everyone in colorful western outfits congratulating Trav on reopening what has always been one of the most fun places on the desert.

Miss Caroline Galbraith returned to Los Angeles last Friday after a week's visit with Mrs. Franklin McCarthy, 1323 San Lorenzo road. While here she was guest of honor at a luncheon hosted by Mrs. Walter Yeaton at the Tennis Club, one at Shadow Mountain with Mrs. McCarthy hostess and another at the Racquet Club, given by Mrs. Wm. Malouf.

Even before Tom and Theodora Fleming had arrived in Palm Springs for their annual visit parties were being planned in their honor, giving them only a few days to get established in the home they have leased for the coming weeks.

Sunday evening the Flemings and Mrs. Laurence (Blanche) Bagnall will be guests of honor at a cocktail party hosted by Billy and Vick Malouf in their Las Palmas home and buffet supper at the Racquet Club. Included in the party will be Mr. and Mrs. Packy Dee, also from Chicago, and the Sam Kraemers of Placentia—an attractive group of annual guests who always meet in Palm Springs at this time of year and plan to stay over for Desert Circus.

Barbara Jones Becomes Bride of C. J. Brown at Pasadena Wedding

A wedding of wide interest in Palm Springs was that of Barbara Fern Jones and Crawford James Brown in Chapel of Roses, Pasadena, last Sunday, with Rev. Ira Ketcham officiating.

Barbara is the daughter of Mrs. Naomi Fern Jones and a graduate of Palm Springs High School. Since then she has been a student at Pomona College. The groom is the son of Mrs. Harry C. Brown of La Canada and a graduate of Glendale High School. At present he is manager of the "Personal Finance Co.", office of Glendale.

For her wedding gown Barbara chose white lace of ballerina length with white net overskirt. Her veil was waist length falling in cascades from a close fitting lace cap, and she carried a bouquet of rose buds, baby

hyacinth with white orchid center.

Miss Peggy Squier, Barbara's roommate at Pomona, was her maid-of-honor and wore lavender lace over taffeta, with her flowers a cascade of sweet peas. Woods and Beverly Brown served as bridesmaids and were gown in aqua lace over taffeta and carried lavender sweet peas.

The groom's best man was Raymond LeClercq and serving as ushers were Ted McLean and Eugene Foreman.

Immediately following the ceremony a reception was held in the lounge of The Chapel of Roses for approximately a hundred friends of the two families.

After a motor trip through Southern California the couple will make their home in Glendale.

Cliff Henderson declared "One Arabian Night" at Shadow Mountain Club last night in honor of the National Date Festival, and the entire Queen's court were honored guests. Showing up to the delight of all guests at the ball was Edgar Bergen with his little "Ophelia."

At the Arabian Nights Ball, it was announced that the Shadow Ball, the highlight of the social season at Shadow Mountain, will be moved up to February 24 to avoid an overcrowded season later. Over 900 invitations have been sent out so far to the black tie event, and Pat McCarthy, the maitre d', stated that last year about 400 attended. It was the largest crowd ever to gather for a single dance at the club.

Palm Desert Sunbeams

By EDITH EDDY WARD

Each week we're sure the parties are as fabulous as they can possibly get, only to be proven wrong the next week. At this time of season everyone is either giving a party or going to one.

Al and Edith Peterson and Millie Mitchell had a gang over for cocktails the other night to say "Happy Birthday" to Bunny Ward and to introduce the Fred Goelgens and the Otto Alwegers of Stockholm to the desert way of living.

The Valentine party at the Shadow Mountain Club with all the fancy "hearts and flowers" decorations was a huge success with more than 500 members and guests in attendance. Among those present were James ("Skylarking") Copp, a first-time visitor, Carol Mathews, M.G.M. starlet, Beverly Albert, Pat Barham of the Herald Express, the Robert Fithians, Avery Van Arthur, Helen Gould, the Charles Millikens, Mrs. Polly Wilson, Mr. and Mrs. Robert Hanson and their daughter Bobbie who just arrived from Pittsburgh, Pennsylvania. Mrs. Magnolia Haws and son Terry, Mrs. Beverly Lein, Mr. and Mrs. Charles Butler, the R. H. Crookers, Tommy and Dorris Tomson with daughters Duchess and Kay, the J. E. O'Connors and many, many others.

It's not a good idea to try to take short cuts (their story) through the sand in an M.G. according to Flo Allen and Paul Simqu who had to call on the Palm Desert fire truck to pull them out. In between sunbaths, swimmers, guests (each of whom Charlie took on a personally conducted \$64 tour) the Millikens were finally able to get settled in their beautiful new home at Palm Desert.

Nina Winans' Sunday morning pancakes are certainly becoming famous! She cooked them for only twenty-four last

Mr. and Mrs. Irving Netcher of Los Angeles, winter Villagers, are back at the Racquet club for "quite a spell."

Mrs. Banks Entertains for Brother

A beautiful party hosted by a gracious lady was that given by Mrs. Noble Banks in honor of her brother, Lyall Stuart, at The Tennis Club last Saturday.

The lanai room was beautifully decorated for the occasion, a long table of delicious hors d'oeuvres and later a very elegant buffet was served the 40 guests invited to meet Mr. Stuart, who will be the guest of his sister for the next three or four weeks.

Mr. Stuart is from Sewickley, Penn., and before retiring was an architect and builder. He has to his credit some of the finest churches and buildings in the East, including the Mellon Art Gallery in Washington.

Mrs. Banks' guests were Messrs. and Mrs. James Kemper, Bruce Burritt, Austin McManus, Raymond Wilson, Oliver Jaynes, Edward Caultkins, John Lapp, George Wright, Herbert Johnson, Earl Henderson, Hathaway Kemper, Kenneth Kirk and Gen. and Mrs. White.

Also Mrs. Horace Armstrong, Dr. and Mrs. Henry Dollard, Mrs. Ellis of Detroit, Mrs. Homer McKee, Miss Muriel Fulton, Mrs. Richard Ball, Mrs. George Blue, Ned Williams, Archie Selwyn, Bob Palmer and Jack Haskell.

Tony Pereira, widely known furniture factory representative and decorator, who is just completing his second year of volume furniture operations in the desert area, announces the opening of his new model introducing the first time in Western America the new Informal Ranch Modern line as selected by the Furniture Guild.

Edith Kopelson on Program for Cathedral Club

One of the outstanding presentations of the season for the Cathedral City Women's Club was announced yesterday by Mrs. Iva Moon, vice president and program chairman. Next Wednesday, February 21 at a luncheon, at La Paz, Edith Kopelson, is scheduled for one of her unique programs. Her presentations of drama, poetry and comedy are greatly appreciated by the musical background created by her husband Alan Kopelson at the piano.

Mrs. Moon pointed out that exceptional entertainment such as this affords members an opportunity to entertain guests. Reservations will be taken by Mrs. Ted Forbes, phone 83102.

Mr. and Mrs. Charles Valentine entertained at their home at a spaghetti dinner last week. Among the many guests present were Mr. and Mrs. Howard Dewey of the local Indian agency.

Portrait of the Week

Mrs. Roderick W. Kenaston with her children Mona and Roderick William better known as Bill. The Kenastons have been residing in Palm Springs a year and a half, moving here from Pacific Palisades to take advantage of the clear desert air. Mrs. Kenaston leaves the hobby field to her husband but shares his interest in flying their Beach Bonanza, seeing the results of his photographic efforts and enjoying the craftsmanship of his woodwork. . . . he also shares her main hobby that of taking care of their adorable children—the weather is all encompassing as far as the Kenastons are concerned and Bill is another of Palm Springs' Chamber of Commerce boosters. TRAVEL--ALONG

With JAN and GEORGE OLMAN

How much does it cost to fly to Hawaii? Is it possible to return to New York by sea? What is the meaning of family plan fares? What visas do I need for travel in South America? How can I go from this coast to Europe by ship for very little money? What is the fare from Palm Springs to Los Angeles? Can I send my dog by air to Chicago?

Believe us — travel agents dreams are dotted with question marks!

FAMILY PLAN — on Monday, Tuesday, and Wednesday, the husband pays full fare — the wife and children (if any) pay half fare. Or should just wife and children be going... wife pays full fare... children up to 22 years of age go for half fare. And just to be different, LAHSA Airlines from El Paso to Mexico City, say "husbands for free"... wife buys two one way tickets... husband goes for free both ways!

CALIFORNIA TO NEW YORK... we have twelve passenger freighters making the trip on regular schedule... Los Angeles to New York, with a two day stopover at San Juan, Puerto Rico. Or it is possible to combine a trip to the Panama Canal... stay a day or two there at the new supermodern Kinkadee Hotel, El Panama... pick up another ship to New York on the Grace Lines or Panama Lines. This gives you the fun of taking a Dutch or Swedish ship to the Canal.

HAWAII... and pardon us if we can't keep the thought out of each and every column. It's a perfect place for us Villagers as it is a sister resort of ours. And please, Mayor Farrell, keep the Royal Hawaiian Serenaders over here until summer... then we can all follow them home! For \$288 roundtrip by air or \$300 by ship roundtrip! What could be a more perfect existence than Palm Springs through the winter and Hawaii in the summer!

Shows Famed Art Collection

Miss Edith Eddy Ward, presented the Arthur Mitchell collection of society photography at the Sun and Shadow last Saturday.

With the entire place set up as a smart gallery, the excellent portraits were mounted for all guests to see, and during the course of the cocktail hours, over two hundred select guests attended.

Those present were Claire Windsor, one of Miss Ward's best friends, the Marshall Morrisons of Beverly Hills, Miss Marsha Willis of the New York stage, James Copp, Tom Hamilton of Newport and Canada, Mrs. Zaddie Bunker and Mrs. Earl Strebe, the Earl Gilmore's, Sally Lasley, A. Ludlow Kramer, Major Clarence Lang, Aver, Van Arthur, and Douglas Gordon, among many others.

Desert Art Center

The manning of the Art Mart at the Indio Date Festival is the big problem of the Art Center this coming week. Falling in with the wish of the Indio ladies that costuming for the advertising of the Fair be valley wide, the Art Center has taken the lead in dressing its resident manager Miriam Williamson in a harem costume of rosp and blue. Chairman of the Art Mart booth Harriet Potter will also wear her costume for the week as will Mary Wolseth chairman of the Center. The ladies helping Harriet are volunteers from the club and Cathedral community and have made their own dresses. The idea of putting on an Art Mart was a last minute thought which only materialized through an appeal to ten artists, the Cathedral City Chamber of Commerce and the Art Center. Esther Palo-Kangas was chairman of booth decoration and was assisted by Lee Alschuler, president of the Garden Club of Palm Springs. Incidentally the dry arrangements have been contributed by members of that group. It is hoped to make this event for artists so financially successful that it can be done on a larger scale next year.

Mary Wolseth announced over the air this week that there are 108 members of the Art Center with more joining each day. 36 are from all parts of Southern California outside the Coachella Valley, four from out of the state, 29 members from Palm Springs, 23 from Cathedral and 16 from surrounding towns. Of these members 40 are known to be top ranking professional artists with 25 more of semi-professional or student standing. Over 3,000 visitors have enjoyed the exhibits since the opening, "but we must have more space for exhibiting and some place to teach. There is an ideal place available and its financing is being worked out," she said.

HOLIDAY IN PERU... you have probably read or at least heard about the article in the February Holiday magazine... if you haven't, get it now and read page 16 quickly! We had so many inquiries about Peru and the money exchange there... we had to rush out ourselves and spend fifty cents to "read all about it"... it's true though... in Peru is the best exchange for the American dollar... at the beautiful Country Club... which is also a hotel... cost is \$5 per day per person including meals! Quoting the above article—"For \$1200 a year, a man can spend six months in Lima, six months in Arequipa, live in a villa, have his every need taken care of by a staff of three or four servants, swim, fish, read, play golf, tennis, polo, join two luxurious country clubs, eat three lavish meals per day, and, in short, lead the life of a retired king."

CARRIBBEAN CRUISING—Mr. and Mrs. George Breyley are aboard the Nieuw Amsterdam enjoying the blue waters and fascinating island ports of the Caribbean. This is part of the winter cruise program of this large trans-atlantic liner. During the summer months, the Nieuw Amsterdam travels between New York and England, France, and Holland.

Musical Score of 1951 Insanities Greatest Ever, Director Declares

"The musical score of the 1951 production of Village Insanities is, without doubt, the greatest yet," said Musical Director Jim Wharton this week. The list of contributors of melodies and lyrics reads like a Who's Who of up and coming young composers.

Nacio Brown is well known to local audiences, having contributed to performances during the past years. John Elizalde is a newcomer to the Insanities but known in the musical world as a promising composer of modern music and pianist. Thomas Breen has contributed lyrics to notes of both Elizalde and Nacio Brown.

Another newcomer is Roger Adams who wrote the music for the Maurice Evans version of Hamlet and toured the Pacific with that company during World War II. He also wrote and produced his own shows in Hawaii. Rex Koury will have three of his own songs in this year's show, and doing the lyrics for him is Dorothy Tashlin, another newcomer with a brilliant future.

Making use of these fine tunes, Jim is using larger chorals and employing more mixed choruses than ever before. Wynn and Alex Hammond will again be featured in solos. Herb Flemington, prominent member of the Community Church Choir and winner of Palm Springs talent show, will

be featured for his voice again. Among other veterans of past performances are Ralph Remy, John Seamans, Henry Greeley and Johnny Linke.

Big news to the cast is that Tommy Chambers will be down soon to accompany all rehearsals till opening night. Tommy, who is accompanist to Fred Astaire and even appeared with him in his last picture.

With such a galaxy of talent contributing to this show Jim's prediction is undoubtedly right, it just can't help but be the greatest Insanities yet.

SFO to Present

Charity Dance Mar. 3

Members of the SFO, youthful girls organization here, will host a charity dance at the Youth Center on March 3 with half of the proceeds going to the Cancer drive fund and half to the March of Dimes.

Rec Ramblings

By JIMMY REESER

In one of the recent Youth Center meetings it was brought out that it would be nice if the Rec had colors and that the members have jackets. After a long discussion it was decided that samples of cloth and colors such be gotten.

The winning colors were gray and red with corduroy picked as the material for the jackets. The jackets are gray with red trim around the cuffs, bottom and neck piece. On the back of the jackets the words: The Rec, Palm Springs, will be in red.

The first order was for 20 jackets in sizes varying from 36 to 44. When these are sold more will be ordered. So when the jackets arrive let's all come in and get yours.

Bob Bennett, the director of the Youth Center, will be gone from Tuesday 13, to Friday 16, to a meeting of Youth Center directors in San Diego. The Rec, however, will still be open those days under Mrs. Bennett's supervision.

CIRCUS

band at the Polo Grounds Pavilion dies out in the early hours of April 8—the Village will be presented a Desert Circus expected to eclipse any of its predecessors in sheer entertainment, color and fun. Dr. Henry L. Dollard, general chairman, declared following the executive committee session that every committee has outdone itself to perfect its event.

Admission tickets to the many events of the Circus Season will go on sale to the Desert Circus Association members on Wednesday, February 21 and to the general public one week later, Feb. 28. Association members underwrite the annual Circus production and priority on purchases of tickets is one of the benefits of membership.

Repair of Trails Under Survey

Board members of the Desert Riders and Jim Maynard of Palm Springs Mounted Police got together last week and decided to survey the trail problem in this area with an eye to repairing bad spots.

Later they plan to concentrate on each trail for permanent fixing. The two groups will ride each trail and report on its condition.

More Coming in Than Going Out

Western Air Reports Travel to Village Far Ahead of Reservations Outbound

Additional testimony to the predominance of Palm Springs among the southern California-Nevada resort areas was reported today when Western Air Lines revealed its Las Vegas-to-Palm Springs flights are carrying 40 per cent more passengers than flights from here to Nevada.

Inaugurated on Oct. 27, 1949, the return section of Western's service between Los Angeles-Palm Springs-Las Vegas consistently has been more popular than the eastbound run, according to Bill McLaughlin, Western's local manager.

Present schedules, providing four flights a day here, are expected to serve a record number of passengers in the next four months, with a majority of travelers ticketed to Palm Springs, McLaughlin added.

Western now operates eastbound flights arriving at 8:00 a.m. and 3:25 p.m., with westbound flights leaving at 10:45 a.m. and 3:50 p.m.

Hit at Alejo road and Palm Canyon drive, Young suffered an arm fracture, cracked pelvis and leg wound. His physician feared complications because of the patient's age.

Mrs. Georgia S. Wright, 61 of Fullerton said she did not see the pedestrian until she struck him. She was traveling only 18 miles per hour.

Founder's Day at Palm Desert PTA

Regular meeting of Palm Desert P.T.A. celebrated Founder's Day with a "silver tea" at Palm Desert school last week. After the business meeting with President Francis Sides presiding, Mrs. Robert Barton, Coachella Valley council president, spoke about Founder's Day and explained the origin, aims and purposes of the National Congress of Parent Teachers Association. Founder's Day chairman, Mrs. Arthur Manzo, led the candle lighting ceremony with Mrs. Robert Barton, Mrs. Art Cavanaugh, Mrs. June Gibbs, and Mrs. Charles Messick each lighting a candle. Refreshments were served by 4th and 5th grade room mothers, Mrs. B. J. Chapman and Mrs. Lorna Little. Mrs. Robert Barton poured at one end of the beautifully arranged table and Mrs. Grace Moran at the other. President Sides cut the lovely Founder's Day cake which was especially decorated for the occasion. Flowers, beautiful roses donated by Mrs. Thelma Dollins and phlox from the Sides garden, added a festive touch. Guests included Mr. and Mrs. Rex Johnson.

George Scott, insurance broker, after a serious automobile accident, is now recuperating and is back at his office in the beautiful new building of the Coachella Valley Realty company, owned by Mr. William Carter of the Massey Rock and Sand company.

Seen around the swimming pool at the La Quinta hotel were many celebrities—Messrs. Jack Benny, Mervyn Le Roy, Randolph Scott and Sam Goldwyn. Also at the hotel were Messrs. Benet Cerf and Fuller of the Fuller Paints.

Dr. and Mrs. Norman Kaufman, honeymooners, seen at the Turquoise pool of the Desert Club and later dancing to the enchanting rhythm of "The Four of Us" in the Mirage Room.

DESERT HOT SPRINGS

By THERESE WHITESIDE

Last week's social tea at the Improvement association hall followed the Valentine motif, even to the aprons of the hostesses, Thyra Daunt and Alta Hamilton, and first prize which was a decorated ceramic heart, won by Dorothy Chester. Amy McKeever presided at the register, where red hearts were engraved in white ink with the names of the guests. Emma Harvey and Lulu Baughman poured, and Mrs. Claude L. Shields, a visitor from Salt Lake City, played to accompany the singing.

Four Girl Scouts from the grammar school entertained Rita Mattern, Roberta Dillinger, and Bonnie Darling sang "Three Little Mice" with all the motions, accompanied by Roberta's mother, and Connie Wright danced a lively tap dance.

Portia Yerxa and Thyra Daunt led off with several humorous stories, to be followed by a veritable rash of "grandmother stories" about children.

These social teas, open to all, were inaugurated over a year ago by our kind and unselfish Ethel Claxton, and she has been quietly assisted in preparing for each gathering by Clara Kelley, who was ill last week and unable to be present. Newcomers in Desert Hot Springs are given a warm welcome each week by a different group of hostesses.

The Woman's society of Christian Service gave their monthly luncheon at the Community Methodist church, followed by the regular meeting, at which Margaret Barnett presided. Hostesses were Rae Hoffman, Ann Douglas and Loretta Murphy.

At the weekly meeting of the Friendship Circle, Jolie Shore spoke with great earnestness on the United Nations. She laid particular stress on two important dates in history, namely, June 27, 1950 and February 1, 1951. The first is the date upon which more than fifty nations branded the North Koreans as aggressors, and the second is the date when the same group branded China as an aggressor nation.

Sounding a lighter note, the irrepressible John Mattern "rendered" a touching solo, entitled:

Thank You

For the beautiful 25-year service medal, with its certificate, you awarded me as your agent.

It has been my pleasure over the past quarter century to represent America's foremost insurance company for fire, auto, liability and allied lines.

Mr. and Mrs. R. A. Pound, Mr. and Mrs. R. Hastings, and Mrs. R. Witham of Vancouver, British Columbia, are staying at the Coachella Valley apartments for the winter.

Rose and Jack Stone, and their Persian maitre cat, "Jingle," are getting settled in their new home on Estrella. Their daughter Patricia came to visit them recently from Los Angeles.

Homes in Village Much in Demand Realtors Declare

Three large home sales were
reported this week by Gannon
and Fredericksen, local realtors.
All were in the Las Palmas Es-
tates and indicate the growing
demand for homes in Palm
Springs and the desert.

Eddie Le Baron, nationally
known orchestra leader pur-
chased a residence in this well
known area. Le Baron plans to
literate between Palm Springs
and his musical interests in Hol-
lywood and the studios.

Admiral and Mrs. W. B. Phil-

on the desert have again made
further investment through the
purchase of a large hacienda in
Las Palmas estates on Vereda
Del Sur. The couple have exten-
sive business property holdings
in and around New York City

of this residence spells more

traveled and popular couple.

Another major purchase was
made by Mr. and Mrs. L. J. Paul
of Oakland, who recently bought
the Dr. Harriman Jones home on
Via Las Palmas. Paul is leaving
his family in Palm Springs while
commuting to Los Angeles to
take care of his business inter-
ests there.

The considerations totaled in
excess of \$135,000 and mark a
new trend in purchasing of ul-
tra exclusive properties in which
this form specializes.

The new Alco-General Electric
diesel-electric is described as
a dual purpose locomotive,
designed for either freight or
passenger service. Its continuous
pulling force is nearly 25 per
cent greater than previous mod-
els, resulting from major driv-
ing motor improvements and a
weight of 516 tons, greatest of
any standard freight locomotive.
Designed for use at any time
as either a freight or a passen-
ger locomotive, it has a normal
top speed of 65 miles an hour.
However, with a simple change
in gearing, a maximum speed
of nearly 100 miles an hour can
be obtained for fast passenger
service.

Roy Nafziger, Bakery Tycoon, to Make Home, Headquarters, Here

Roy Nafziger, who built a na-
tion wide bakery chain from a
horse and wagon bread route in
Kansas City, this week pur-
chased the Mike Hirsch and Don
Greco estate adjoining the home
of David Rose, the composer,
and Jack Benny.

Nafziger is one of the leading
figures in the American baking
industry, born with a special
bounce and gift for laughter. A
few weeks ago he made busi-
ness news when his Interstate
Bakeries corporation swung a
two-million-dollar deal to ac-
quire the big O'Rourke plant in
Buffalo, New York. Its twenty-
three bread and cake plants now
reach out from Buffalo to the
West Coast employing over
4200 persons. The public knows
it best through the trade name
of Dolly Madison cakes and but-
ter-nut bread.

To keep up with his far flung
operation, home for Roy Naf-
ziger was wherever he took off
his hat, until Peter B. Shepten-
ko, local realtor, with the help
of his associate, Les Satchell,
convinced him to make Palm
Springs his headquarters and
have his sectional managers
come to Palm Springs and make
their reports and the same time
enjoy the sun and relaxation of
the desert.

Because Nafziger likes horses,
Sheptenko sought to get a home
that would suit his needs as
close as possible to a stable.
This was accomplished by get-
ting a home a few blocks away
from his old friend Trav Rogers
of the Rogers Ranch club, where
he is keeping his string of horses
and buggies.

The reported price was \$55,000.

pioneers Jim Gray and his son,
Earl, was rebuilt in the early
thirties.

Redecoration of lounge and
rooms is under way, Mackie
said. Mrs. Mackie and their two-
year-old Bobbie will move down
soon. Former manager of several
Hollywood hotels, Mackie has
been visiting Palm Springs regu-
larly for many years.

Ned Williams will continue
as Royal Palms manager.

Herb Flam, Miss Connolly Win Singles Honors in 14th Annual Midwinter Tourney

Flam Defeats Art Larson for Title and Pairs With Larson in Doubles, Loses to Stewart and Reed; Crowds See Net Finals

Top-flight tennis was on display for several hundred local net fans, visitors and movie stars at the Racquet Club Saturday when finals in the 14th annual Palm Springs Midwinter tournament were staged. Outstanding stars of the nation participated.

SUN SPORTS IDELIGHTS

By GUS STEVENS

When I was able to get my eye off the redhead in the French bathing suit, the Sunday afternoon 14th annual Mid-Winter tennis tourney finals at the Racquet club were interesting.

It was truly an afternoon of upsets. First, Herb Flam knocked off favored Art Larson. Then, Maureen Connolly of San Diego breezed over Helen Perez. Finally, Hugh Stewart and Whitney Reed dumped Larson and Flam in the men's doubles.

None of the matches went into a rubber set — each winner took control in two straight sets.

Larson said he was pretty well pooped from his very recent Australian jaunt and his hasty return to play here. He seemed to think that with a month's rest he will be able to give a better account of himself and I'm inclined to agree.

Larson's a high-strung sort of fellow. During a match he puts away three or four bottles of soft drinks in brief rest periods. While resting for the doubles play Sunday, following his loss to Flam, probably he didn't help his chances any by smoking several cigarettes and mixing more soft drinks with beer.

Like I say, gang, you can't beat them French when it comes to bathing suits. Every tennis court should have a swimming pool next door.

TONIGHT'S Palm Springs high's big chance.

They run up against the other league basketball doormat—San Jacinto. One of them's got to climb out of the cellar with this one 'cause each has lost five straight and sports a goose egg on the credit side.

Once again I'll pick the Braves to win and this time I'm going to point out logical reasons why the Indians are sure to come through. Maybe San Jacinto should read them so they'll know. Palm Springs has lost its games by closer margins than the Tigers. The Redskins have had less points scored on them and have scored more themselves than have the San Jacs.

Palm Springs' Charley and Johnny Black each have higher point averages and totals than anybody the Tigers can throw against them.

True, SJ has a height advantage and are playing at home but—oh what the heck. Let's wait until tonight and see what happens.

Incidentally, Palm Springs' last game of the season, against Elsinore next Friday, will be

Black in Third Spot in League Scoring Derby

Top Palm Springs high cager Charlie Black dropped to third in the league scoring parade Friday night as Hemet's Hugh Towle shot into the second spot.

Towle's 23 points more than matched Black's weekend output. Towle has 79 for five games and Black has 71. Way out in front is Don Weischedel of Perris who led the race last year, too. He has 96 points, seven more than last year's output at this time.

Palm Springs' Johnny Black is ninth in the race with 54.

Close-cropped Herb Flam of Beverly Hills withstood the tricky breezes and upset a tired Art Larson, 8-6, 6-2 in the final round of the 14th annual Mid-Winter Tennis tournament. Larson, worn from recent Australian competition and a long flight from "down under" to San Francisco to Palm Springs, was kept back on his heels by the lightning-quick Flam.

FLAM wore down the first-seeded Larson with a hard, steady game punctuated by blistering cross-court slams to the San Leandro champion at Forest Hills last summer.

Maureen Connolly, 16-year-old San Diego star, turned in the day's second upset by lifting the women's singles title from defending champion Helen Perez of Encino, 6-1, 6-3.

Playing brilliant tennis, Miss Connolly swept Mrs. Perez off her feet in the first set and led 5-1 in the second before the defending titlist could muster a bid.

FOURTH - SEEDED team of Hugh Stewart and Whitney Reed of the University of Southern California battled their way to the doubles championship by upsetting tiring Flam and Larson, 15-13, 6-1.

Wearied from their singles duel, Flam and Larson fought furiously in the opening frame but ran out of gas in the second.

The Los Angeles duo of Barbara Kimball and Bill Young took the mixed doubles crown with a 3-6, 6-2, 6-2 victory over Patricia Zellman, San Diego and Bob Perez, Encino.

played here giving home towners one of the few chances to see their team this year.

SPORTS SCRAPS—The city has finally decided on a suitable type of box seat which ought to be built in the Polo Ground ball diamond. Tonight City Manager Russell Rink will try to sell the idea to the city council at the 7:30 meeting. . . . Agua Caliente Indians scored 48 points in a city basketball league game this week. That's more than they've scored in any contest of the campaign. It all went to naught, though—Indio racked up 63. . . . City Recreation Director Howard Haddock is spending the week in San Diego at the third annual California Recreational conference gathering progressive ideas to apply to his city recreation program. . . . We could sure learn a lesson from them French.

Guests of Edith Eddy Ward at the Tennis Club this weekend were Mrs. Arnold Kirkeby, wife of the hotel chain owner and their son and daughter-in-law, the "Buzz" Kirkebys as well as Frank Kirkeby, a brother.

Eagle All-Stars Down Pasadena in Thriller, 2-1

The Eagle All-Stars, playing the part of the home team, satisfied local fans as they snatched a 2-1 ten-inning victory from the Pasadena Indians on the Polo Grounds diamond Sunday afternoon.

The Indians garnered more hits than the locals but were without the services of Johnny Lindell who was unable to make the trip. Four errors proved costly to the Pasadena nine.

Several prep stars and minor league players participated in the game, the last seen here before Seattle's spring training gets underway. Approximately 200 fans watched.

Cellar Buddies Tangle Tonight in Season's Last

RCL cellar buddies, Palm Springs Indians and San Jacinto Tigers, will say goodbye to one another tonight when they meet at the Tiger gymnasium. One of them is leaving.

It's inevitable. Each team has dropped five straight contests and sport no wins. Somebody's going to have to take over unchallenged possession of seventh place after tonight's fray.

Big gun in the San Jacinto attack is Billy Thomason who has averaged nine points in five league games. He ranks 12th in the league in scoring. Tommy Rickotts stacks up 17th in total tallies.

Palm Springs will be able to throw two higher scorers against the Tiger pair. Charley and Johnny Black rank third and ninth in the RCL respectively.

Hemet High Almost in

With one more win under their belts, Hemet's high-flying basketball squad will clinch at least a tie for the 1951 RCL championship. Friday night the Bulldogs stormed over Elsinore, 47 to 38, cracking wide open in the final quarter what had been a tight ball game.

Hemet also ran off with the B contest, 48 to 18 with Bobby Thompson scoring 14 counters for the winners.

Perris held on the second place in the league with a resounding

58-34 win over San Jacinto. The Tigers were unable to match the scoring thrusts of Don Weischedel and Howard Dull who breezed with 22 and 15 points respectively. San Jacinto Be won over the Perris reserves, 43 to 32.

Banning Broncos came up with the evening's big upset, taming the Coachella Arab, 48 to 36. The Pass city five crushed the title hopes of Coach Paul Rundell's crew with one of their best performance of the year.

Now—How about traffic on the Santa Fe?

With the co-operation of our officers, and of the employees who remained at work, Santa Fe managed to keep thousands of freight cars and all its passenger trains moving during the "outlaw strike" which began January 30th and which so severely crippled our country's rail transportation. Santa Fe could not, of course, operate at its top efficiency.

Now vital supplies, which have been piling up in freight terminals during the past several days, are starting to move.

A complex situation

There is one point, however, we know the public will understand. So complex a thing as America's Transportation System cannot be turned off and on like a water faucet.

Thousands of "car days" were lost due to freight cars standing still. Even though cars are now moving, it is bound to take a while

before congestion is relieved and delayed cars are unloaded at their destination.

Santa Fe was able to deliver more cars to other railroads than other railroads delivered to Santa Fe. Consequently, Santa Fe now has substantially less cars on its rails than when the "outlaw strike" began.

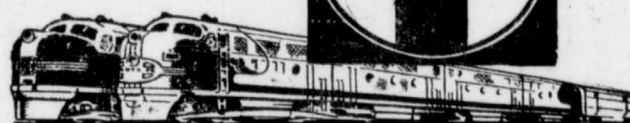

Naturally, this will result in a shortage of cars until this complex situation has been cleared.

A word to our shippers

We are doing everything possible to speed up the return to normal. We ask, however, that shippers who now need cars bear with us during this period.

Santa Fe expresses its thanks to its shippers and passengers for their patience and understanding during the trying times we have all just passed through—and also to all our people who co-operated in this emergency, many responding beyond their normal call of duty.

Beaumont Trips Indians 38 to 36 for Fifth Defeat

Plunging deeper into the Riverside County league cellar, the Palm Springs Indians hoop squad dropped its fifth straight outing of the campaign Friday night. Beaumont played the part of rude hosts as they dumped the Braves, 38 to 36.

Given a good chance to cop their first game, the Redskins failed to take advantage of their height as the short-statured Cougars fast-broke their way to victory over the taller Palm Springs five.

THE COUGARS also salted away a triumph in the preliminary, putting on a fourth period spurt to snare a 52-42 victory.

Both contests were roof-raisers from start to finish. The main event wasn't decided until the final 45 seconds.

Beaumont led at the half, 18-14.

Johnny Black whipped the strings for 14 digits to snare top honors for Palm Springs.

THE REAL scoring ace of the night was Indian Willie Phillips who punched in 25 markers. 17 coming in the first half. His heroic efforts kept the determined Cougars Bees in hot water until the final stanza when the Indians started to fire.

City Basketball

Indio's high-flying city league basketball squad roared to its tenth straight win at Palm Springs high gym Monday night. The 63-48 victory over last place Agua Caliente Indians kept the date city visitors unbeaten in league play.

Led by league high scorer Paul Rundell, who has racked up 133 points through nine games for a 14.8 game average, the leaders have put one more game to play following last night's Junior Chamber contest. They meet Royal Aces Thursday night at 8:30 in the final league contest of the season.

HOWEVER, Indio had to work to edge the dead-eye Indians Monday night. The ACI five pressed the champs throughout the first half and trailed at the intermission, 20 to 21. Third quarter score was 41 to 28 for Indio and the visitors poured 22 points through the hoop in the final period to pull away easily.

In the first game Monday Royal Aces upped their record to 8-3 for a firmer grip on second place at the expense of fourth-ranked Junior Chamber of Commerce. The hapless JCs could muster only 19 points, 14 of these in the first half.

Lester Bryant and Simpson each tallied eight to help the Aces score 30 points in the roughly-played contest.

Last Thursday night Village Market clung to third place as they edged the luckless JCs, 22 to 21. Jim Matthews flew high for the winners, scoring 10 points in the low scoring tilt. Bob Anderson pushed through three field goals for JC.

In the second fray Thursday night, Royal Aces ran over the Indians, 42 to 23. Howard Lucas, F. K. Jessie and Simpson starred for the winners racking up 10, 11 and 12 points respectively.

San Antonio 'Cap Slated Tomorrow

Stakes start preparing for the fourteenth \$100,000 guaranteed to the winner Santa Anita Handicap next month will get their acid test under fire Saturday in the renewal of the \$50,000 added San Antonio Handicap.

This historic fixture, for 3-year-olds and upward, is at the mile and one furlong route, just an eighth shorter than the "hundred grander."

Among the standout stakeholders expected to go postward in the San Antonio are Coaltown, Ponder, Moonrushi, Great Circle, Next Move, Vulcan's Forge, Vino Fino, Palestinian, Blue Reading and Old Rockport.

A definite line on prospects for the Big 'Cap on March 3 will be afforded in the Saturday special. And weight for the longer classic will be determined on their showings and released formally on Feb. 21.

Indians Down Poly Jayvees

Palm Springs high cagers employed a fast break to down Riverside Poly's junior varsity, 56 to 48, in a local game Tuesday night. In the first game, Coachella Bs tripped the Indian subs, 37 to 28.

The Indian varsity, who have been holding their own on Tuesday night but having trouble on their Friday league outings,

showed some of their best play of the season.

Charlie Black changed his style of play from his long push-shots to short ones and a fast break to capture high scoring honors with 22 points. His brother, Johnny, was close behind with 19. Julie Rule took high point honors for Riverside with 16.

Everyone of our 52,000 customers depends upon electrical energy to operate his office, store, or plant and to maintain his home. To provide that electricity requires an average capital investment of almost \$1000 by California Electric for each installation. This amount, contributed by thousands of individual investors, represents only the capital required for the equipment necessary to generate and transmit electricity to you. It does not cover operating costs. This investment by many men and women is proof of their firm belief in the American philosophy of private ownership and free enterprise. They're backing the butcher, the baker, and Mrs. Homemaker in a tangible manner—with their savings!

PIN-UP IN KOREA
Editor, The Sun: I read in a recent edition of your newspaper an article concerning your 11th annual winter rodeo. I am quite interested in rodeos, particularly this one, because of your unmistakable choice of a lovely, I should say, beautiful

and appealing young lady as a rodeo queen, namely Miss Sonya Hulme.
I'm sure I am asking a lot, but I will be greatly indebted to you if you will be so kind as to comply with my request for a personalized autograph of Her Highness, the Queen.
I am unable to give a definite reason for my unusual request, possibly for sentimental reasons, as I want a picture of a beautiful young lady to carry to the Korean front with me, which if present world conditions still prevail in the next few months, will be inevitable. In that case may I make another request, please sign one

of those elaborate signatures. I may be conceited or worse, but this means very much to me, since I've never had a regular girl friend. May I ask you to pass this letter on to proper persons if you find for some reason you are unable to comply with my request, and if you are able to reach Miss Hulme, please pass this letter on to her, anything you do concerning the request in this letter will be greatly appreciated.
If you wish so, you may withhold all names and addresses and I shall assume you will do the same with mine.
It will be my great pleasure indeed to assist you in any way possible on my part. May I hear from you soon? Thank you very much for your time and effort, and wishing you continued success and prosperity and everlasting peace. Thank you.
J.T.C.

WANTS MORE LIGHT
Editor, The Desert Sun: Can't something be done to get some street lights at corner of Tahquitz Dr. and Palm Canyon. Last night while walking down south on Palm Canyon I was crossing Tahquitz, when a car came dashing down and made a right turn on to Tahquitz. Only due to my quickly jumping back did I avoid being hit. Unfortunately I had dark clothing on. The driver could not see well without street lights. However, was going entirely too fast to make a turn on a dark street. I prefer to sign
DAN PLATKIN.

THANKS FROM RODEO
Editor, The Sun: This is to thank your very valuable newspaper for the excellent publicity which was given the 11th annual mid-winter rodeo which was such an outstanding success. We wish particularly to express our gratitude to you, Publisher Oliver Jaynes and the members of your staff.
Another who went out of his way to "move Los Angeles" to Palm Springs for the weekend, as he expresses it, was long time resident Earle C. Anthony who practically turned over to us the radio and television facilities of Station KFI for ten days prior to the show. We are highly indebted to him.
Publicist Jan Guthrie of the Chamber of Commerce, working with the wholehearted blessing of Manager Bill Dunkerley, literally "blanketed" the newspapers of southern California, the Pacific Coast and the entire west with stories and pictures from eastern papers that were returned to us with inquiries concerning the event.
We are also grateful to Mayor Charles Farnell and the city council for their support of our efforts in staging this community event and to Manager Russell Rink for working out the many details relating to the use of our wonderful rodeo field.
Manager Rolly Valle of KCMJ was co-operative in assisting us with radio coverage in the desert area and assisted materially with our planning. We are also grateful to Frank Bogert and Barney Hinkle for their counsel and assistance.
The Mounted Police, a volunteer group of businessmen and private citizens, pledged to assist the police in emergency, is proud of its role and pledges to keep faith with the community. Proceeds will make possible the purchase of some of the rescue equipment so badly needed.
JOHN HOLLINGER
President Palm Springs Mounted Police.

THANKS FROM CLUB
Editor, The Desert Sun: Our Fashion Show for 1951, behind us and it was an outstanding success in every way, especially financially.
The result is that a Palm Springs High School boy or girl will again win a scholarship to go to any college of their choice. It is gratifying to us and was only made possible by people like yourself who cooperated so beautifully in every way possible.
On behalf of the board and members, we wish to thank you.

LIKES PLAYHOUSE
Editor, The Desert Sun: I wish to express my delight in the performance given by the Tent-house Players, in last week's presentation of "Charlie's Aunt." We are fortunate to have such a fine group here in Palm Springs and I hope that they will consider making our village their winter headquarters for a long time to come.
This group should receive the

WELCOMED those two little tremblers the other night. . . I believe that when we have little jolts every once in a while we'll never have big ones. . . The faults shifting gradually. . . Instead of just pushing and piling up power without giving anything in return, let's go with a big hit such as have raised havoc in cities on the coast now and then. . . They don't have the small safety valve shocks there. . . Read an article in a book loaned me by Conky Konkright, on hoaxes and naturally, some newspaper fakes were listed. . . When a fellow kid and on the beat, I used to take out a slender salary by writing for metropolitan papers. . . Once I needed some extra money and there was no good material on hand for legitimate stories and extra cash. It being near Easter a bright idea dawned and I sent a Los Angeles editor a story about a farmer who had a lot of paint buckets in his barn and also a lot of hens. . . The hens laid their eggs in the various paint buckets and so colored their own Easter eggs. . . It was a chance and I doubted if they'd use the yarn. . . They not only did but that farmer's hens had their fame spread from coast to coast by the press associations. . . And I had that extra stipend. . . Having now grown up and being on the other side of the desk, I suspect every odd yarn sent in. . . It might be one of that kind.

HADACOL Helps New Mother

HADACOL Supplies Vitamins B₁, B₂, Niacin and Iron in Which Her System Was Deficient

Mrs. Lottie F. Edwards, who lives at Route 1, Inverness, Miss., has two careers. . . she is a registered nurse and also a wife and mother of a new baby. After her baby was born, Mrs. Edwards felt run-down; she knew she had to do something to help overcome this condition so that she would feel up to her many duties. Mrs. Edwards began taking HADACOL and says it really helped her. Mrs. Edwards was suffering a deficiency of Vitamins B₁, B₂, Niacin and Iron, which HADACOL contains.

Here is what Mrs. Edwards says: "I have taken one bottle of your HADACOL and am now on my second bottle, and I can say it has really helped me. After my baby came I didn't feel like walking around. I had headaches and was very nervous, and even one bottle had helped me so much. I want to keep on taking your wonderful HADACOL. I will certainly recommend it to all patients I come in contact with, for I think HADACOL is just the formula needed for Vitamin and Mineral deficiency."

Registered nurses, in increasing numbers are showing a keen interest in HADACOL and in the results that are being secured with this great modern formula. Requests have been received from many of these nurses for professional bottles of HADACOL, and many of them indicated that they recommend the HADACOL formula to their patients. HADACOL has helped folks of all ages when their condition was due to a deficiency of Vitamins B₁, B₂, Niacin and Iron, elements which are contained in HADACOL.

Remember HADACOL is sold on a strict money-back guarantee. And so inexpensive. Trial-size bottle only \$1.25. Large family or hospital size, \$3.50. If your druggist does not have HADACOL, order direct from The LeBlanc Corporation, Lafayette, La. © 1951, The LeBlanc Corporation

FLIGHT LINES
By ELEANOR WAGNER

The G. I. Flight Training school can now boast of two new additions to its fledgling list, namely: Bill Wool of Indio and Carlton Burnham of Palm Springs. Their flight program will be under the able guidance of Instructor Hank Henderson and ground school instruction by Winifred Wood.

Bill Emig has been doing well in organizing a flying club which is made up of many local residents. Among the members is Dr. Charles Baldwin, Ernie Dunlevie, Bruce Pickett, John Harris, Bill Emig, R. W. Peters, Herbert Burns, Don Seiler, Dave Johnson, Gene Bowyer and Howard Wiefels. They have purchased a Cessna 140 and we know that they will spend a lot of happy flying hours in it.

Coachella Valley Chapter of Ninety-Nines was host last weekend to officers of the Southwestern Section of Ninety-Nines, which includes all of California, Nevada, Arizona and Utah.

Upholding the tradition of this organization, all of the women, some of them with their husbands, flew in for the occasion. The Ninety-Nines is an international organization of women pilots which was founded by Amelia Earhart in 1929 and has been growing steadily in membership ever since that time. Every woman who belongs to the organization must have at least a private pilot license or better.

Local chapter officers and members who assisted in making the visitors feel at home in Palm Springs were: Chairman, Eleanor Wagner; secretary, Winifred Wood; treasurer, Kay King; Modene Storey and Mary Nelson.
